

Booking Information

Reservations are on a first come first-serve basis. You should make reservations well in advance. We require a \$500.00 deposit to confirm reservations for deer hunters. A \$200.00 deposit is required to save you a spot to turkey hunt. If you are unsuccessful in the whitetail draw, deposits will be refunded or transferred to next season. All other hunts require a 50% deposit. You may obtain your own permits, or we will help you do it. Hunter education is required if you were born after July 1, 1957. You must carry your card with you. Kansas requires a valid hunting license plus permit. The hunting license is good for the current calendar year and entitles you to hunt gamebirds and small game.

Hello from Uhlik Hunting

We offer outstanding hunting on approximately 18,000 acres of private land. We lease river bottom, crop fields, creek bottoms, CRP fields, alfalfa and pasture. The gentle rolling hills of north central Kansas make a great place to grow big deer. Our "cover" is generally linear in nature so patterning deer is not a problem. We offer a wide variety of hunts to accommodate all types of hunters. Aerial stands and still hunting are the primary methods used for taking tremendous whitetails. We put you in an area where we know good deer exist. The rest is up to you. Uhlik Hunting is dedicated to providing high quality hunts at a working man's price. We offer only a limited number of hunts each year. So no matter what you're hunting; deer, turkey, gamebirds, rabbits, or predators, there will always be an abundance of game.

Rifle Hunts

Guided 5 1/2 day hunts. Generally we like to have our hunters in stands from daylight until 11:00 a.m. Then out of the stand for lunch and a little still hunting. Then back in the stands at 3:30 until dark. For our rifle stands we use tree stands with a shooting rail, tripods, and box blinds. This setup gives the hunter maximum comfort and concealment.

Muzzleloader Hunts

Want to hunt early? For those that do, Kansas has an early muzzleloader season. In line Muzzleloaders may be used. For the early season it's iron sights only. Muzzleloader hunts are for 7 days during the early season, or 5 1/2 days if during the regular rifle season.

Archery Hunts

Semi-guided 6-day hunts. Tree stands are placed in prime areas prior to your arrival, or you may fine tune them (move them) if you prefer. You may also bring along your own stand. Safety belts are mandatory in all tree stands.

Turkey

Kansas has an excellent turkey management program. We have some really nice heavy rope bearded turkeys on our properties. There is a two bird limit on bearded turkeys, and both may be harvested the same day. We have both the Eastern and Rio-Grande strain of turkey, with many hybrid's in the mix. We offer a 3 day hunt with or without a guide. Remember this is a good time to scout for deer season, and pickup sheds.

Gamebirds and Small-Game

Since 1986 Uhlik Hunting has been leading hunters to some of the best upland bird hunting the midwest has to offer. We offer two types of hunts; guided and non-guided. Our guided bird hunts have a minimum party size of 3 and a maximum size of 12. Hunting parties will not be placed together without the consent of both parties, so generally you will be hunting with just your own buddies.

Other Hunts and Custom Packages!

Hunt rabbits or predators. Relax at our private camp sites. How about a guided nature excursion or some bird watching? Or bring your camera for some awesome photography opportunities. Give me a call and we'll put something together!
